Pour Out Your Grace

**Be my Guide and keep me in Your sight,
lest I should fall, surrender all,
abandoning the fight.**

**Be my Light, impart to me Your might,
lest I become a worthless one,
forgetting what is right.**

Keep me safe, free from hate.

Don't forget, remember Your elect.

**Pour out Your grace upon this place
forever to protect.**

Pour Out Your Grace

**Come to me and forever be
an open door, forevermore,
I'm Yours eternally.**

**Be a flame, to purify and change
Your saints below, so we will know
an end to all our pain.**

**Please be near, remove our fear.
Don't forget, remember Your elect.
Pour out Your grace upon this place
forever to protect.**

Pour Out Your Grace

**By Your name we remain.
Don't deny. You are the One on high.
Pour out Your grace upon this place
and one day we will rise.**

Pour Out Your Grace

Bring us home to stand before Your throne.

**Allow us then to comprehend
all for us You have done.**

Our work bless, before You we've confessed.

**We've been made pure, with You endured
and now have passed the test.**

Awesome now, witness His power.

Don't forget, remember Your elect.

**Pour out Your grace upon this place
forever to protect.**

Pour Out Your Grace

**By Your name we remain.
Don't deny. You are the One on high.
Pour out Your grace upon this place
and one day we will rise.**
